To repeat, when we "wiped the slate clean" we decided that we should go with Bart's proposed schedule of 1/15 instead of trying to devise a new schedule that took account of past service. Then, and subsequently, you and I traded tours of duty, and it was that post-switch schedule that later got adopted as the model for the next round of duty. I am not proposing that we peek behind the now-clean slate. Rather, I am arguing that by using the post-switch version of Bart's "clean slate" schedule, I am being penalized for trading spaces (and you are enjoying a windfall). Instead, we should use his original "clean slate" schedule.

With all due respect to Helgi, when we decided to "wipe the slate clean," everything prior to the current rotation became irrelevant. If we decide to peek behind the now-clean slate (which I would oppose) then I submit that Brett, Bart and I would have the strongest grounds on which to complain.
