Subject: Fyi re post

Al kamen of post called me. Said he is putting piece in loop column about tim

leaving and about me and others being talked about as subs. I said nothing,

just as I have done with many others internally and externally who have grilled

me about this. Clear though that lots of people on outside had talked to him

and said same stuff over and over -- given number of people at fed society function who were buzzing about same topic, no surprise. But irritating.
