Staff Archivists, 2016. Previously restricted materials are added as they are released. Last Modified: 04/15/2016

Scope and Content

The materials in FOIA 2014-0414-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0414-F contains materials related to memoranda between President George W. Bush and high ranking officials within the administration that mention President Pervez Musharraf between 2001 and 2008.

This FOIA primarily contains NSC profile sheets, routine routing memoranda, cover sheets, a letter from Representative Frank Pallone, Jr., including President George W. Bush's response, as well as a press release and printed emails. Also included are two letters and corresponding cables

from President George W. Bush to President Pervez Musharraf and Prime Minister Manmohan Singh regarding the October 8, 2005 earthquake, along with corresponding drafts.

It should be noted that many of the documents listed here may have been closed due to National Security classification and/or exemptions of the Freedom of Information Act.

System of Arrangement

The materials in FOIA 2014-0414-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
