

Inventory for FOIA Request 2015-0140-F

Films Screened by President George W. Bush

Extent

217 folders, approximately 3,926 pages

Access

Collection is open to all researchers. Access to George W. Bush Presidential Records is governed by the Presidential Records Act (PRA) (44 USC 2201) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Documents in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George W. Bush's presidency are housed at the George W. Bush Presidential Library and administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processing by

Staff Archivists, 2016. Previously restricted materials are added as they are released. Last Modified: 07/29/2016

Scope and Content

The materials in FOIA 2015-0140-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2015-0140-F contains materials related to films screened by President George W. Bush. This request was limited to include only Staff Member Office Files.

This FOIA primarily contains the Presidential Daily Diary, schedules, guest lists, schedule proposals, briefings, photos, handwritten notes, administrative forms, and news articles regarding film screenings. A large quantity of printed emails regarding guest lists, event planning, scheduling, menus, seating, and administrative matters such as transportation and admittance into the White House complex are included. Additionally, a master license agreement from Sony

Pictures Classic, information regarding the plots, actors, producers, and production companies of various films, and vetting results for guests attending film screenings comprise this request.

Some movies that President Bush did not view are included within this request due to ambiguity regarding his schedule. *Marley & Me*, *The Tale of Despereaux*, and *Horton Hears a Who* feature his name on the guest list, but were not included in the Presidential Daily Diary. Additionally, President Bush attended a photo opportunity before the screening of the documentary *Ballou*, but did not watch the film.

Lastly, certain folders from the White House Social Office were possibly created by different staff members within the office than what is indicated. The material retired by A. Kate Irons appears to be intermingled with records belonging to Caroline Huddleston. Additionally, all material retired by Anne Stewart appears to have belonged to Catherine (Cathy) Fenton.

System of Arrangement

The materials in FOIA 2015-0140-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
