FOIA 2015-0175-F contains materials related to photographs and video taken during the evacuation of the White House on September 11, 2001.

This FOIA primarily contains photographs created by staff photographers from the White House Photo Office on September 11, 2001, showing the evacuation of staff and personnel from the White House complex in the wake of the terrorist attacks on New York City and the Pentagon. It also contains one master tape video recording from the White House Communications Agency - WHTV series. WHTV 1501: Crowd Shots Outside Old Executive Office Building on 09/11/2001, has a run time of 00:11:44 and contains one clip.

### **System of Arrangement**

The materials in FOIA 2015-0175-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – Staff Member Office Files and George W. Bush Presidential Electronic Records.

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by President George W. Bush. These records are stored in Search and Access Sets (SAS) that represent their originating computer program.

White House Communications Agency records are processed at the folder/videotape level. While this method maintains folder/videotape integrity, it frequently results in the incidental processing of videotapes that are not wholly responsive to the subject area.

The following is a list of electronic search results lists (SRLs) and video tapes processed in response to FOIA 2015-0175-F:
