Scope and Content

The materials in FOIA 2018-0169-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2018-0169-F requested textual materials related to Caroline Elizabeth Lewis, a White House intern in the Office of Laura Bush in spring 2006.

This FOIA primarily contains correspondence, forms, copies of signed photos with Mrs. Laura Bush, and administrative documents. Correspondence includes thank you letters from President George W. Bush and Mrs. Laura Bush for assisting with the 2006 Easter Egg Roll, letters to Spring 2006 interns from President George W. Bush congratulating them on completing their internships, and letters sent to Mrs. Laura Bush including one from Caroline Lewis. Forms,

recommendation letters, and other administrative documents related to Lewis' application as an intern are also present. Lastly, briefing papers, schedules, and attachments for President George W. Bush's activities on March 29, 2006, the date that he posed for a photo with spring 2006 interns, are included.

Caroline Lewis, now Caroline Marak, graduated from Vandebilt High School in Houma, Louisiana in 2003. She studied hospitality and event planning at the University of Mississippi. She completed her White House internship between January and May 2006 in the Scheduling Office within the Office of Laura Bush. One of her primary responsibilities was handling mail received in that office. After receiving her bachelor's degree in 2007, she has held various positions primarily in the Dallas, Texas metro area.

System of Arrangement

The materials in FOIA 2018-0169-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

WHORM Subject and WHORM Alpha Files are processed at the document level.

The WHORM Alpha File was compiled by the White House Office of Records Management and is a series of documents arranged by name of persons, organizations, or events.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
