Brett (copy of earlier email with update; hard copy and shirt to follow),  
Recently, I was given two items for the President, and wanted to follow the appropriate channels and process for review and disposition.

1. The first is a brief note of support and prayer from the senior pastor of Immanuel Bible Church here in the Metro area. Michael Easley and his wife are native Texans (Dallas Theological Seminary) and staunch supporters of the President. He heads a very active conservative evangelical church of several thousand congregants including several parishioners in the Administration [P6/(b)(6)]  
[P6/(b)(6)] Members of Congress, and military senior leaders. He asked to pass a note of encouragement, but ONLY if appropriate. Dr. Lang has the note.

2. The District Chief Firefighter of the Jacksonville (FL) Fire Department has sent two tee-shirts "Firefighters for Bush '04." One shirt is a gift to the President and has been forwarded to the gift office. He has requested that the President sign and return the other shirt (we have). I have also submitted his name to the advance office to invite to the rally on Saturday in Jacksonville.

Please give me a call if you have any questions.

Addendum as of 11/3/04: Chief Rigdon met the President at the Jacksonville, FL Rally on October 23rd. Shirt is submitted as per item 2 above. Full name and address:

District Chief Brady Rigdon
