Scope and Content

The materials in FOIA 2014-0539-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0539-F contains materials related to communication between President George W. Bush and Martin O'Malley or their representatives.

This FOIA primarily contains general correspondence and routing memoranda. The bulk of this material consists of correspondence between the White House and the general public to include Martin O'Malley. Topics include the Steel Safeguard Tariff Program, the State Children's Health Insurance Program (SCHIP), energy rates and the Mercury Export Ban of 2008. Also

included are birthday greetings from President and Mrs. George W. Bush and an invitation to President George W. Bush to attend an Orioles game.

System of Arrangement

The materials in FOIA 2014-0539-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – Staff Member Office Files and White House Office of Records Management (WHORM) Subject Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu
