706 folders, approximately 29,962 pages

Access

Collection is open to all researchers. Access to George W. Bush Presidential records is governed by the Presidential Records Act (PRA) (44 USC 22, as amended) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Records in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of George W. Bush's presidency are housed at the George W. Bush Presidential Library and are administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processing by

Staff Archivists, 2023. Previously restricted materials are added as they are released. Last Modified: 05/22/2023

Scope and Content

The materials in FOIA 2014-0231-F[1] are a selective, not necessarily all inclusive, body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA 2014-0231-F[1] requested materials related to records sent to, sent by, or received by President George W. Bush related to Pakistan and Pervez Musharraf, Benazir Bhutto, Abbottabad, Osama bin Laden, Usama bin Laden, or Haqqani.

This FOIA primarily contains cover sheets, routing memoranda, printed routing emails, talking points, press points, and final remarks (including Colin Powell's 02/20/2004 remarks for George Kennan's Centenary Birthday), op-eds by Colin Powell, news articles, briefing materials with

daily schedules and event memoranda, head of state correspondence, fact sheets, and letters to and from Congress members. The correspondence from Congress members include requests for waiving and lifting sanctions against India and Pakistan that were imposed after the 1998 nuclear tests and requests for emergency aid after the 2005 earthquake hit Pakistan. The congressional mail frequently includes responses from either the White House or germane government agencies. Within this FOIA are copies of the February 2003 White House report National Strategy for Combatting Terrorism, and the joint United States-Pakistan statement issued in March 2006. Final iterations of presidential speeches and remarks are included as well. Additionally, this FOIA includes presidential directives and drafts thereof, credentials for newly appointed ambassadors, a white paper entitled U.S. Foreign Aid: Meeting the Challenges of the Twenty-First Century, and a letter from Daniel Pearl's wife to President George W. Bush and the accompanying response. One will find routine head of state correspondence including thank-you letters for gifts received by President George W. Bush and for routine White House visits or trips abroad, as well as correspondence from Prime Minister Shaukat Aziz of Pakistan, Prime Minister Chaudhry Shujaat Hussain of Pakistan, Chancellor Gerhard Schroder of Germany, and President Hosni Mubarak of Egypt.

It should be noted that many of the documents in this FOIA have been closed due to National Security classification and/or exemptions of the Freedom of Information Act.

Please note that a portion of classified records related to this request has not yet been processed. Additional records will be provided as they become available.

System of Arrangement

The materials in FOIA 2014-0231-F[1] are a systematic body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Records responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

The White House Office of Records Management (WHORM) contains a variety of series created to organize and track documents and correspondence. The WHORM Subject Files and Alpha Files were compiled by staff in the White House Office of Records Management and are a series of documents assigned a letter/number combination and filed in a series of categories by subject. WHORM Subject Files and WHORM Alpha Files are processed at the document level.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

The following is a list of folders processed in response to FOIA 2014-0231-F[1]:
