June 29, 2005

MEMORANDUM FOR ANDY CARD, KARL ROVE, JOE HAGIN, and MIKE GERSON

FROM: KRISTEN SILVERBERG, BRIAN HOOK and JEREMY KATZ

RE: NIGHT NOTE

Unocal. CNOOC submitted a filing with CFIUS. Unocal has seven days to provide information on its assets and operations. After that, CFIUS has 30 days to decide whether to conduct an investigation and 45 days to complete the investigation. Following the recommendation, the President has 15 days to make a decision.

TRIA Report. The draft letter states that the “the Administration opposes extension of TRIA in its current form. Any continuation of the program should recognize several principles....” The letter and report will be released tomorrow at 10:30 AM by the Treasury Department.

b(3) 10 USC 130b
b(6)

Highway Bill. Senator Reid told reporters that he would see how the highway conference turns out before agreeing to an energy conference.

Immigration. Karl, Fran, and Claude met with House leadership and the relevant committee chairmen to discuss immigration reform. Members showed a surprising amount of support for a piecemeal approach -- border security now and TWP later. Hastert and others are strongly committed to passing a bill sooner rather than later. The Speaker expressed support for three things: funneling people to checkpoints at the border to secure it; getting tough with Mexico; and a TWP. Many at the meeting said that immigration reform will not be possible unless we crack down on employers. There was a great deal of discussion about process and getting the House, Senate, and WH together to work together in advance of roll out.

CAFTA. Senate Finance Committee approved CAFTA by voice vote, setting up a possible Senate vote for tomorrow. Bingaman joined Wyden and Lincoln and a majority of panel Republicans in voting for the measure. Chambliss held a press conference announcing his support for the agreement. Ways and Means will markup tomorrow with a likely vote on the 25th.

Other Issues

- Amtrak (Sharp/DPC; Hook) – The TT-HUD appropriations bill gave \$550 million for Amtrak, a cut of Amtrak subsidies by \$657 million.
- Asbestos (Ho/DPC; Hook) – The Chief has begun making calls to members of the AIA encouraging them to reach agreement on outstanding issues and move legislation.
- *Avian Flu (Leggitt/DPC; Katz) –HSC and DPC held a PCC today to discuss a coordinated international strategy. They have created an initial draft of a strategic document that will lay out the U.S. international strategy on avian flu. They have requested comments back from relevant agencies by Friday.*
- *CAFE (Sharp/DPC; Hook) -- DOT is scheduled to issue an NPRM on CAFE standards by August. The rule will propose to move from a fleet-wide average to a system in which fuel economy stringency is based on vehicle size. Principals agreed that the NPRM should propose a range of possible increases in the standard. Most Principals would like the range that starts with a small increase. OVP would like to include no increase as an option. We would like to convene a meeting chaired by the Chief to resolve the dispute.*
- Clear Skies (CEQ; Hook) -- EPA modeling is underway. CEQ plans to brief Senate EPW staff on the modeling details this week or next. The outputs are expected in eight to ten weeks.
- Community College Initiative (Sharp/DPC; Hook) -- The Labor HHS Approps bill as passed by the House rescinded \$125 million in FY 2005 community college grant funds.
- Cooperative Conservation Event (Pinero/DPC; Hook)
- Crime/Guns/Lautenberg (Ho/DPC; Hook) – DOJ/OLP formed a study group with the FBI to review the GAO report. The OLP group has developed its recommendations, which are currently before the AG. DOJ is recommending administrative and legislative changes. DPC will review them in the near future.
- *Democracy Fund (OMB; Silverberg) – The Senate mark will include \$10m for the Presidential initiative.*
- DHS Reorganization (McMillin/OMB; Silverberg) – Policy time will be scheduled for later this week.
- Drug Reimportation (Leggitt/DPC; Katz) - Canada's Health Minister Ujjal Dosanjh vowed last week to announce measures to prevent Internet pharmacies from exporting drugs to the United States. It's not clear whether Canada will follow through.
- Economic and Community Development (Halaska/DPC; Hook) – Senate Commerce-Justice-Science Appropriations Subcommittee did not adopt on 6/21 the Strengthening America's Communities Initiative, as we expected.
- EEO-1 (Sharp/DPC; Hook) – DPC has received cost estimates from EEOC. DPC, OMB, and Barry met recently with EEOC officials to discuss policy options given the revised cost estimates.
- EEOC Definition of "Applicant" (Sharp/DPC; Hook) – DOL has informally submitted an NPRM. OMB is working with DOL officials to improve the rule prior to formal submission.
- Endangered Species Act (CEQ; Silverberg) – We will hold on administrative reform pending legislative reform attempts this session.
- Faith Based Initiative (Towey/OFBCI; Hook) - JCT published a report in January proposing twelve measures designed to eliminate fraud and abuse related to charities. OFBCI has concerns that a number of the provisions are unnecessary and would burden charities unfairly. Grassley is pushing to include a number of these provisions in the

CARE Act. NEC hosted a meeting with Treasury's Office of Tax Policy last week to examine the provisions. Grassley's staff told OLA that they plan to mark up in late June or early July.

- FAA Labor Negotiations (Sharp/DPC; Hook)
- *FDIC (Warsh/NEC; Katz) – Sec Snow, NEC and WHL met with Shelby and Oxley to begin to discuss reform. No consensus was reached, especially on coverage limits, but NEC believes things are trending in the right direction. The group will reconvene after the 4th of July recess.*
- Federal Sentencing Guidelines (Ho/DPC; Hook) – DAG Comey will give a speech on July 12 on the guidelines. The Attorney General delivered a speech on 6/21 endorsing the construction of a minimum guideline system. Judges would be bound by the guidelines minimum, but the guidelines maximum would remain discretionary.
- Fiduciary Duties of Union Officials (Sharp/DPC; Hook) -- DOL will formally submit to OMB clearance a request for information regarding the fiduciary duties of union officials under the Labor Management Reporting and Disclosure Act.
- FMLA (Sharp/DPC; Hook) – Senate HELP Committee held a hearing on 6/23 on the FMLA. Chairman Enzi called on DOL to examine the definition of “serious medical condition,” the rules on “intermittent leave,” and procedures for employers to “assess the validity of leave requests.” Employee groups and Senator Kennedy strongly oppose any reforms.
- GSEs (Warsh/NEC; Katz) – Senator Shelby has agreed in principle to our reform plans.
- G-8 (Shirzad/NSC; Silverberg)
- Head Start (Halaska/DPC; Hook) – The bill was marked up by Enzi's committee on 5/25. DPC and OLA have serious concerns that the policy does not contain enough reform, and the authorization levels are far above what was in our budget. The committee does plan to continue working and will offer another manager's amendment on the floor, but OLA doesn't hold much hope that we will get what we want.
- *Health IT (Levin/DPC; Katz) – The HHS charter will be placed this week into the Federal Register. Barry convened a meeting with OPA, OPL and DPC to discuss a strategy for naming the members of the AHIC. Lance Leggett in DPC will be the point person from the WH. Our vetting operation will be ready to do immediate turn-around on HHS' initial list of recommendations for AHIC seats. DPC, WHC and HHS will meet to clear language/guidance on how to discuss the issue of non-AHIC member participation/consultation and hope to have that resolved this week.*
- Helping America's Youth Initiative (Medina/DPC; Hook)
- Immigration (Ho/DPC; Hook) – Karl, Fran, and Claude are meeting tomorrow night with House leadership to have a conversation about the way ahead on immigration. OLA is hosting an LSG tomorrow before the meeting.
- Indian Trust/Cobell (Ho/DPC; Hook) – McCain plans to introduce his bill in the first week or two of July. Officials from Interior, Treasury, and DOJ will meet with McCain's staff (accompanied by WH OLA) to express our interest in a legislative solution but get more details on what is currently under consideration before committing to any statement of principles.
- Job Training Reform (Sharp/DPC; Katz) – The Senate is hoping to schedule floor time on WIA in June or July. The bill does not include our reforms and has bad religious hiring language.
- Judicial Security (Ho/DPC; Hook) – DPC hosted a meeting on 6/20 on judicial security. DOJ gave a briefing on the efforts of its own working group, whose report DOJ will

circulate informally to EOP shortly. DOJ was asked to prepare forward-leaning options on how to improve the quality of marshals, and the level of security offered to federal judges in general.

- Medical Liability (Ho/DPC; Silverberg) - House Democrats Baird, Moran, and Ruppertsberger introduced medical liability legislation on 5/25. Their bill would cap non-economic damages at \$800,000 and allow that figure to fluctuate with inflation.
- Medicaid Commission (Ramthun/NEC; Katz) – HHS has been reaching out to proposed members and everyone has agreed to participate. The only outstanding positions to fill are the Chairman and Vice Chairman slots. Secretary Leavitt met with Governor Sundquist yesterday and is inclined to ask him to serve as Chairman. Leavitt plans to call Kitzhaber on Thursday about serving as Vice Chairman. Karl plans to call Leavitt to discuss.
- MDUFMA - (Leggitt/DPC; Katz) - The Medical Device User Fee and Modernization Act (MDUFMA) authorized a user fee program for FDA's review and approval of new medical devices. The program allows FDA to charge device manufacturers a fee associated with their individual applications for approval of new devices in exchange for FDA performance goals for reduced review and approval times. To avoid concerns that the FDA would use this new user fee authority to supplant its existing budget for medical device reviews, MDUFMA required a cumulative appropriation of \$631 million dollars by the end of FY 05 or the user fee program will expire. Given that the cumulative amount appropriated through FY05 is \$30 million short of this requirement, Congress must pass legislative language eliminating this requirement or the program will expire at the end of FY05. DPC, OMB and HHS are working with Congress to remove this sunset trigger in exchange for reduced user fee increase in FY06. Traditionally, the user fee amounts have increased approximately 20% annually. HHS is proposing to reduce this annual increase to somewhere between 6% and 9%.
- *Methamphetamine (Leggitt/DPC; Katz) – On Tuesday, Sens Talent and Feinstein announced a new version of their meth legislation designed to strike a “good balance” between enforcement issues related to meth while preserving access to medicine for consumers by letting states set up a non-pharmacy option for retail outlets through a state licensing system. We remain concerned that the policy process on this issue is moving too slowly.*
- *MCC (Shirzad/NSC; Silverberg) – NSC convened a meeting to discuss further proposals to accelerate the process including the provision of additional technical assistance and locating personnel in the host countries.*
- NASA (Sharp/DPC; Katz)
- Native Hawaiians Bill (Ho/DPC; Hook) -- DPC hosted a principal's meeting on 6/27 to discuss whether the Administration should weigh in on the Native Hawaiian bill, and, if so, how and when. Consensus was reached that DOJ would send a views letter to the Hill that briefly mentions the constitutional issue (without taking a view) then outlines our policy concerns. IGA will call Governor Lingle.
- NCLB (Medina/DPC; Hook)
- “Open Loop” Technology (Hannegan/CEQ; Katz) -
- Patient Navigator (Leggitt/DPC; Katz) – OLA has recommended a bill signing.
- Patriot Act (Mitnick/HSC; Hook) -- Principals met on 6/27 to discuss DOJ's negotiating position on controversial provisions. If necessary to defeat problematic amendments, DOJ is cleared to support limited substantive changes to sections 206, 212, and 215 and technical revisions to section 216 and 220. Principals also agreed to issue a veto threat on the SAFE Act.

- Pensions (Hennessey/NEC; Katz) - Chairman Boehner will mark up his pension reform bill in the House Education and Workforce Committee on Wednesday. A few airlines are still pressing hard for a carve-out to shield them from the new stringent funding rules. We have opposed airline relief in other contexts because it distorts the competitive marketplace and oppose special treatment for airlines in the pension legislation because all plan sponsors have an obligation to fund their plans responsibly. DPC has prepared talking points for Leg Affairs to explain our position on airline relief.
- Personal Stockpiles (Rapuano; HSC; Silverberg)
- Postal Reform (Sharp/DPC; Hook) – The meeting on the Hill was postponed until Thursday. Claude will meet with Davis, Collins, Carper and McHugh to lay out our framework for moving the bill. He will meet first with Chairman Jim Miller and General Potter.
- Protection of Lawful Commerce in Arms Act (Ho/DPC; Hook) -- House Judiciary Committee has reported its bill. There is some discussion that the House may wait on a vote and let the Senate act, but there is also a possibility that the House will have a vote after recess.
- Real Estate Settlement Procedures Act (Halaska/DPC; Katz) – Following Hill outreach last week, Secretary Jackson on 6/27 outlined HUD's plan to have listening sessions and town halls with the industry and the public. Following extensive outreach, HUD will propose a new rule.
- Secure Flight (Sharp/DPC; Hook) – DHS is planning on issuing an interim final rule this September. DHS will proceed with enrolling initial carriers over the summer and developing the pilot system. The air carriers asked DHS to delay the issuance of the IFR until after the Labor Day weekend since it is such a heavy travel period.
- Space (Sharp/DPC; Hook) -- NASA Administrator Michael Griffin said today the first U.S. manned spacecraft since the 2003 Columbia disaster is scheduled for July 13.
- Stem Cells (Levin/DPC; Silverberg) – Senator Frist intends to take up the Stem Cell bill before the August recess. We think this would be very bad timing. Karl will call Senator Frist tomorrow to urge him to delay the Senate vote until this Fall.
- Steroids (Ho/DPC; Hook) – Director Walters testified on 6/15 before the House Government Reform Drug Policy Subcommittee, which is holding a hearing on a national drug control reauthorization bill. DPC has cleared talking points for his testimony. Chairman Davis plans to attach his steroids bill to the reauthorization bill during mark-up this Thursday.
- Summit on Philanthropy (Towey/OFB; Hook)
- TANF (Halaska/DPC; Katz) – The House has decided to move one TANF extension rather than splitting it between committees. Grassley is still threatening to object to passage of an extension. Senate leadership is aware of the deadline on June 30 and is working to reach some agreement.
- *Tax Reform (NEC; Katz) – Their next public meeting will be on July 20th. At that meeting the panel hopes to start to outline their substantive direction. Barry will call Jeff Kupfer to discuss.*
- *Telecom (Russell/NEC; Katz) - The FCC will release a broadband report tomorrow (based on December 31, 2004 data) that provides the status of high-speed Internet connections in the United States. The report shows impressive gains in terms of the number of broadband subscribers and availability. Sec Gutierrez has an op-ed Commerce is attempting to place highlighting the report. Kevin Martin is also planning on doing a similar op-ed. NEC will brief the President on Friday.*

- Tricare Rx (Leggitt/DPC; Katz)
- Union Financial Transparency (Sharp/DPC; Hook) -- DOL will formally submit its revised LM-30 form for OMB clearance.
- Voting Rights Act (Ho/DPC; Hook) -- Chairman Sensenbrenner has indicated that on July 11, he will seek straight reauthorization of the expiring provisions for 25 years, with no modifications. DPC will recommend the President deliver a radio address announcing support for reauthorization on the August 6 anniversary, which falls on a Saturday. DOJ will prepare a list of modifications to improve the Act that the Administration could support but is unlikely to openly advocate.
