## Inventory for FOIA Request 2017-0185-F

### White House Office of Records Management Files Related to Australian Prime Minister John Howard

#### Extent

158 folders, approximately 7,276 pages

#### Access

Collection is open to all researchers. Access to George W. Bush Presidential records is governed by the Presidential Records Act (PRA) (44 USC 22, as amended) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore records may be restricted in whole or in part in accordance with legal exemptions.

#### Copyright

Records in this collection that were prepared by officials of the United States government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

#### Provenance

Official records of George W. Bush's presidency are housed at the George W. Bush Presidential Library and are administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

#### Processing by

Staff Archivists, 2025. Previously restricted materials are added as they are released. Last Modified: 11/17/2025

#### Scope and Content

The materials in FOIA 2017-0185-F are a selective, not necessarily all inclusive, body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA 2017-0185-F requested materials related to White House Office of Records Management files referring to Australian Prime Minister John Howard.

This FOIA primarily contains letters, briefing papers, schedules, printed emails, memoranda, agendas, printed photographs, webpage printouts, remarks and speech drafts with their routing sheets, and speech cards with handwritten notes by President George W. Bush.

Please note that a portion of classified records related to this request has not yet been processed. Additional records will be provided as they become available.

## **System of Arrangement**

The materials in FOIA 2017-0185-F are a systematic body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Records responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

The White House Office of Records Management (WHORM) contains a variety of series created to organize and track documents and correspondence. The WHORM Subject Files and Alpha Files were compiled by staff in the White House Office of Records Management and are a series of documents assigned a letter/number combination and filed in a series of categories by subject. WHORM Subject Files and WHORM Alpha Files are processed at the document level.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.
