Scope and Content

The materials in FOIA 2023-0146-F are a selective, not necessarily all inclusive, body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA 2023-0146-F requested materials related to photographs and videos of David Copperfield's March 3, 2002 performance at Ford's Theatre.

This FOIA primarily contains photographs, video and audio taken of David Copperfield and President George W. Bush during the March 3, 2002 performance at Ford's Theatre, including a meet-and-greet held at the White House held after the performance.

System of Arrangement

The materials in FOIA 2023-0146-F are a systematic body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Records responsive to this FOIA were found in these collection areas – Staff Member Office Files and George W. Bush Presidential Electronic Records.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

White House Communications Agency records are processed at the folder/videotape level. While this method maintains folder/videotape integrity, it frequently results in the incidental processing of videotapes that are not wholly responsive to the subject area.

The Executive Office of the President (EOP) instance of the Electronic Records Archive (ERA) contains electronic records created or received by President George W. Bush. These records are stored in Search and Access Sets (SAS) that represent their originating computer program.

The following is a list of electronic search results lists (SRLs) and videotapes processed in response to FOIA 2023-0146-F:
