Scope and Content

The materials in FOIA 2014-0413-F are a selective, not necessarily all inclusive, body of documents responsive to the topic of the FOIA. Researchers should consult the archivist about related materials.

FOIA 2014-0413-F contains materials related to conversations and communications between President George W. Bush and President Pervez Musharraf of Pakistan, 2001-2002 and 2005-2006.

This FOIA primarily contains NSC profile sheets, routine routing and transmittal memoranda, draft and final thank you letters, distribution receipts, gift registers, internet printouts, barcode scanning sheets, and routine printed emails. There are also copies of photographs taken during President Pervez Musharraf's December 4, 2004 meeting with President George W. Bush, as

well as a brief schedule for the event. These materials consist of routine ceremonial correspondence from President George W. Bush to President Pervez Musharraf for Id al-Fitr, as well as thank you letters to Prime Minister and Mrs. Aziz, President and Mrs. Musharraf, and Mr. and Mrs. Ryan Crocker. In addition, materials from the White House Office of Records Management Subject Files include drafts and final copies of ceremonial thank you letters from President George W. Bush to President Pervez Musharraf for gifts given at events and meetings, including background materials such as gift registers and records, routine transmittal memoranda, fax cover sheets, printouts of the State Department correspondence manual, and printed emails.

It should be noted that many of the documents listed here may have been closed due to National Security classification and/or exemptions of the Freedom of Information Act.

System of Arrangement

The materials in FOIA 2014-0413-F are a systematic body of documents responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Documents responsive to this FOIA were found in these collection areas – White House Office of Records Management (WHORM) Subject Files and Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

WHORM Subject Files are processed at the document level.

The WHORM Subject File compiled by the White House Office of Records Management is comprised of a series of documents assigned a letter/number combination and filed in a subject category. A complete listing of the subject categories including a detailed description of each category is available in our research room and on our website at www.georgewbushlibrary.smu.edu
