Awwwww. All the world loves a puppy (we have a new one ourselves; Claymore, named after the anti-personnel land mines Frank used to deactivate for the Navy). Do you know if there's a photo of the puppy we might be able to include in the next issue? or, has she not yet arrived in Bush custody?

Are you even awake? By the way, congratulations. Had to be pure hell to be put through those extra hours of torture Tues/Weds. I felt for you ...
