Although I did not personally make it up to Huntsville, my team that did said the NASA event went very well -- O'Keefe was great. News coverage was excellent, including two local network affiliates and the Birmingham and Huntsville papers. Below are the two Huntsville Times stories - one the day of the event and the second the day after (the Hsv Times is an afternoon paper).

Toby,

All of us are curious how the event with the NASA folks went. I know you're slammed with the trip but we would appreciate a rundown if you could.

Thanks,
Tony
