No changes (so far) to any of the stuff last night. I gave him a ton last night (there were a lot of memos as well) and [REDACTED] so not sure what he has read at this point.

Good morning.

Just checking in to see if the President had any changes to what you gave him last night.

I've asked Emily for acks for both of tomorrow's events and reminded her that we need them early as tomorrow is a travel day.

Partial Birth Abortion Bill Signing is with Dan and Karl for a pre-staffing.

Science and Technology Medal Presentation is with Dan.

Energy is due today at 3 pm. I plan on giving a draft to you to give to the President tonight.

Still waiting on Radio Address.

Saturday Political remarks are still with Dan and Karl. I don't foresee major changes to any of these.

Let me know what else you need. Just trying to get as much to you before you leave.
