Scope and Content

The materials in FOIA 2025-0010-F are a selective, not necessarily all inclusive, body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

FOIA 2025-0010-F requested materials related to video footage of the Press Briefing by White House Press Secretary Scott McClellan on July 25, 2005.

This FOIA primarily contains two video clips from tapes V 5445 07/25/2005 Background Briefing: Press Gaggle and V 5446 07/25/2005 Daily Press including video footage of press briefings by White House Press Secretary Scott McClellan in the White House Press Briefing Room on July 25, 2005.

System of Arrangement

The materials in FOIA 2025-0010-F are a systematic body of records responsive to the topic of the FOIA. Researchers should consult an archivist about related materials.

Records responsive to this FOIA were found in these collection areas – Staff Member Office Files.

Staff Member Office Files are maintained at the folder level by staff members within their individual offices and document all levels of administration activity.

Staff Member Office Files are processed at the folder level, that is, individual documents are not selected and removed from a folder for processing. While this method maintains folder integrity, it frequently results in the incidental processing of documents that are not wholly responsive to the subject area.

White House Communications Agency records are processed at the folder/videotape level. While this method maintains folder/videotape integrity, it frequently results in the incidental processing of videotapes that are not wholly responsive to the subject area.

The following is a list of videotapes processed in response to FOIA 2025-0010-F:
