And finally, we need to get him back up there so he'll support some judges that

I nominated. (Applause.) I found fine people to serve on our bench; good, honorable, honest people. We named one, Priscilla Owen, recently. She's smart,

she's capable, one of the top students when she was in law school at Baylor.

She got elected twice -- I think twice, but I know she got elected at least twice statewide in Texas, with overwhelming numbers. She's a very, very smart

and capable woman. But somehow, some of them up there don't like her. I guess

maybe they don't like the fact that I nominated her. But this isn't right for

the judicial system, for them to be playing politics with a fine, smart, capable

woman. And we need people like Jim Inhofe up there to defend my judicial nominees in Washington, D.C. (Applause.)
